

PMP® Bootcamp

Preparation for the PMP® Exam is an accredited PMI® training course comprehensively preparing its participants for prestigious PMP® certification examination. During an intensive 4-day training, we thoroughly cover the elements of knowledge necessary to pass this rigorous exam. We also discuss certification rules, recommended additional materials, the structure of the PMP® exam, terms and acronyms, as well as types of exam questions along with ways to eliminate incorrect answers.

This training is compulsory for project managers who want to obtain their PMP® certificate.

PMI Talent Triangle

35 Contact hours

Activity description

This training offers a comprehensive presentation tailored to enhance your preparation for the PMP® certification exam. It features a structured presentation, a dynamic Q&A segment, and most importantly, an in-depth review of real exam questions. During the session, participants will gain valuable insights into exam strategies through the analysis of correct answers, helping to solidify their understanding of key concepts and boost their confidence for exam day.

We provide comprehensive project management solutions designed to empower teams and drive success. Our training programs equip professionals, from beginners to experienced project managers, with the skills and knowledge to lead projects effectively. Leveraging tools like Asana, we streamline workflows by offering expert implementation and guidance tailored to your team's needs. Through consulting, we optimize project management processes, applying both agile and traditional methodologies to ensure the successful delivery of even the most complex initiatives. Additionally, our outsourcing services connect you with top industry specialists, providing expert support at every stage of your project, from planning to execution.

PMI-SFBAC hosts meetings, conferences, networking events, workshops, and other innovative programs designed to meet the Chapter's Strategic Goal - To be acknowledged as THE Project Management Resource in the San Francisco Metro Area. PMI-SFBAC has been serving its members for 50 years. Today, PMI SFBAC has over 3000 members of whom about 64% have achieved certification as Project Management Professionals (PMP). PMI-SFBAC is the 15th largest chapter in an international organization of over 300 chapters and 650,000 members across 200 countries.
